

Letter to the Editor

First off, thank you to The Press and Banner for upholding the spirit of free speech and First Amendment rights. Censorship has been intensifying over the years and Big Tech, Google, and Facebook are censoring anything that isn't the official establishment narrative now like never before.

The establishment narrative on COVID-19 is a false narrative and is being used to usher in a new form of governance. The main talking points of the narrative are COVID-19 death statistics, the number of positive cases, and the validity of mask wearing to slow/stop the spread of the virus.

Back in April, there were three doctors who blew the whistle on the fact that the CDC was encouraging deaths to be listed as COVID-19 even if that was not definitively determined. Those who died with COVID were to be listed as having died *because* of COVID.

That is a big difference. For instance, if someone dies with Vitamin C in their body, it does not mean Vitamin C caused their death. However, this is the reasoning and persuasion given to hospitals and doctors by the CDC.

Additionally, a monetary incentive has been given to hospitals for reporting COVID-19 as the cause of death. This has resulted in wildly inaccurate statistics regarding deaths nationwide due to coronavirus.

The names of the aforementioned doctors are Dr. Annie Bucacek, MD, of Montana; Dr. Dan Erickson, MD, of California; and Dr. Scott Jensen, MD, of Minnesota, who also happens to be a state senator. Many medical professionals hesitate to publicly expose this fraudulent narrative out of fear of losing their jobs, or even more.

The test phenomenon regarding COVID-19 is truly something that would be entirely laughable if it

and a probable additional lockdown of the U.S. in the near future.

Reports are increasing from areas around the country concerning people who have gone to be tested, filled out their paperwork, but left and did not test because of a long wait. This hasn't stopped them from receiving calls informing them that they had tested positive... without actually taking the test.

I have personally heard from four different people about four different instances of this blatant and shameful fraud here in Upstate SC.

In other instances, people can test positive one day, negative the next, positive again, and so on. The test means nothing and the "results" are being used to bolster the numbers to justify the fear campaign Big Media is preaching to us. Instances of this sort of testing have been especially egregious in Florida.

I'm not saying there isn't an illness and coronavirus doesn't exist, but I do believe it isn't nearly as severe as Big Media has made it out to be.

This brings us to the issue of mask wearing. People believe masks work to help slow the spread of the virus only because Big Media has told them so, hammering away at the point 24/7. Big Government is not here to help you. Big Media is not here to inform you. Big Pharma is not here to heal you. From these three institutions is where the idea of mask wearing comes from.

There are links to websites for another viewpoint on the validity of mask wearing, or lack thereof, mentioned at the end of this article. The real science says healthy people should not wear masks. Mask wearing has nothing to do with mitigating a public health crisis and everything to do with conditioning the public into following mandates and measures given by the three aforementioned entities. If people do not follow the rules, they will not be

a way to begin marginalizing the dissenters (non mask-wearers) by casting them as irresponsible, selfish, and dangerous.

All tyranny has worked like this throughout history. The dissenters of the official narrative being pushed are cast as being dangerous to the "greater good" and it is then justified to fine, imprison, and kill them.

Today it is the masks and in the future it will be the vaccine. Those who know the COVID-19 narrative is fraudulent are today's political dissidents and this is only the beginning.

This country is on life support and those who are in positions of authority need to speak up and take a stand for the truth. Tyranny prevails when good men do nothing. We the People are being subjected to psychological terrorism and spiritual warfare on a level like never before, just as Paul writes in Ephesians 6:12.

The major media only exist to disseminate propaganda and orient the masses into believing in the new system of governance being ushered in.

This system was once described by Former Congressman Lawrence Patton McDonald: "The drive of the Rockefellers and their allies is to create a one world government, combining super capitalism and communism under the same tent, all under their control... Do I mean conspiracy? Yes, I do. I am convinced there is such a plot, international in scope, generations old in planning, and incredibly evil in intent."

Seek your Maker now before it's too late, for we are in that season. Isaiah 55:6.
